

Consultant, CFO Services - KPMG Advisory Academy 2027

We aim to create futuristic financial departments by assisting businesses in analyzing, implementing, and supporting digital solutions. Would you like to help define what comes next? Supporting the CFO on a path to a more digitalized future is our finest duty. We are looking for consultants, ready to untangle financial knots, lighten the load for our clients and make their future simpler.

About the role

As a consultant in CFO Services, you'll join a team focused on advancing finance through practical, innovative solutions. You'll work closely with clients, colleagues, and the latest technologies to solve real challenges and deliver real impact.

In this role, you will have the opportunity to:

- Create tailored solutions using the latest digital tools and AI technologies to help clients optimize their finance functions.
- Collaborate across disciplines with experts in strategy, risk, compliance, and tech to deliver holistic solutions.
- Grow fast through practical experience, structured learning, and mentoring from experienced consultants.

Perks of joining CFO Services

At CFO Services, you won't just be another consultant, you'll be part of a close-knit team that's redefining what it means to work in finance. We combine solid financial know-how with a focus on digital innovation, and we aim to improve how things are done.

We advise both private and public companies in enterprise performance management, process excellence, controls, risk and compliance, finance strategy and transformation, digital finance & finance operation.

We enjoy digging into data to uncover what's really going on, and in CFO Services we are motivated by helping companies solve challenges that don't come with a manual.

About you, our new team member

You enjoy working with people and building strong relationships with clients, colleagues, and cross-functional teams. You thrive in a collaborative environment where knowledge sharing, teamwork, and mutual support are valued. At the same time, you appreciate a positive and social workplace where professional excellence and having fun go hand in hand.

More specifically, we are looking for someone who:

- Possess strong analytical skills and an interest in solving financial and digital challenges.
- Is motivated by the potential of technology to transform finance functions through automation, reporting, and data-driven insights.
- Enjoys working with clients, colleagues, and cross-functional teams, and value building strong relationships.
- Takes ownership of your work and are motivated to continuously learn, develop, and contribute to a collaborative team environment.
- Thrives in a non-hierarchical culture with a high degree of responsibility and self-management.
- Is fluent in both Danish and English, as required by our client portfolio.
- Holds or are expected to complete a relevant master's degree before Autumn 2027.

KPMG Advisory Academy

As part of your development, you will join the KPMG Advisory Academy, a 14-month development program designed to give you a solid foundation for your consulting career. Through a combination of professional training, personal development, networking opportunities, and practical client experience, you will build key consulting skills while expanding your network across KPMG Advisory.

Want to learn more about the KPMG Advisory Academy and how it supports your development from day one? Read more about the Advisory Academy here.

Are you ready to become part of KPMG? Send your application today!

The application deadline is 15 November, but we review applications on an ongoing basis and may close the process earlier - so we encourage you to apply as soon as possible. Interviews are expected to take place in November and December.

All we need from you is your CV, transcript, and a cover letter (a one-page document in which you answer the following three questions). How you choose to respond is entirely up to you - your answers will help us get to know you better and provide a basis for further discussion in a potential interview.

The questions are:

1. What type of finance-related challenges have you experienced and how have you gained exposure to these challenges (For example: processes, data, systems or compliance). What have you found most interesting and least interesting in working with these challenges?

1. Describe a situation in which you have achieved something that you are particularly proud of.

1. Describe how you have managed and prioritized multiple tasks and deadlines simultaneously.

If you have any questions or would like more information, please contact Manager, Tanja Tang Pedersen at ttpedersen@kpmg.com

Please note that we do not accept applications by e-mail to ensure GDPR compliance.

At KPMG, we are committed to developing diverse talents at all levels. We encourage all interested candidates to apply, regardless of age, race, gender identity, sexual orientation, disability, religion, or ethnicity.

We can’t wait to hear from you!
