

Strategy Business Partner

Join Markets Business Technology as a Strategy Business Partner and become a trusted partner to leadership. You will translate strategic priorities into actionable plans while creating alignment across business and technology stakeholders. This senior role offers significant exposure across LC&I and Technology & Services.

About Markets Business Technology

Markets Business Technology brings together technology, data and quantitative expertise to support Danske Bank's LC&I business. We also lead two of the bank's strategic AI Initiatives: Banker Productivity, transforming how bankers work through AI, and the Markets Agentic Platform, building scalable agentic capabilities for Markets.

What you will be doing

You will collaborate closely with the Tribe Lead and Leadership Team to execute strategy, improve governance, and coordinate organisational alignment. Working at the intersection of business and technology, you will ensure leadership focuses on strategic outcomes, people leadership, and delivery outcomes. Furthermore, you will:

- Support development and execution of Tribe strategy, priorities and OKRs
- Translate strategic initiatives into structured plans and governance frameworks
- Prepare leadership decision materials, presentations and strategic communications
- Coordinate leadership meetings, strategy sessions and key management forums
- Track progress on strategic commitments, risks and dependencies
- Act as trusted sparring partner on strategic and organisational topics

About you

- Strong strategic thinking and analytical capabilities

- Ability to structure complex challenges into actionable recommendations
- Highly organised with excellent execution focus
- Skilled at building trust and alignment across stakeholders
- Clear and confident communicator in verbal and written formats
- Comfortable challenging constructively without formal authority
- Works effectively in environments with multiple priorities
- Strong interest in AI, with the ability to identify and apply relevant use cases in business and technology contexts
- Experience in Wholesale Banking is preferred
- Experience working in agile technology organisations is an advantage

What we offer you

You will work in a highly visible role with broad exposure across business and technology organisations. This position provides unique opportunities to shape strategy execution, organisational development and leadership effectiveness. We offer hybrid working with 3 to 4 days per week in the office to promote collaboration and knowledge sharing.

Are you ready for the next step?

We would love to hear from you if this opportunity aligns with your career aspirations. Please contact Troels Estrup at troels.estrup@danskebank.dk for further information. We review applications on an ongoing basis, so we encourage you to apply as soon as possible.

We look forward to hearing from you!
