

Analyst (Student Assistant), Growth Markets Funds Investment Team

Do you want to join a global leader in renewable energy infrastructure investments? If so, Copenhagen Infrastructure Partners (CIP) is the perfect place for you! We are currently looking for ambitious Analyst (Student Assistant) to join our Growth Markets Funds Investment Team in Copenhagen.

Team

The Growth Market Funds (GMF) invest in renewable energy infrastructure in high-growth middle-income markets with strong fundamentals for renewable development and significant impact potential. The funds target markets across Asia, Latin America and EMEA with strong fundamentals for renewable energy infrastructure investments with a combination of high economic and demographic growth including an expanding middle class leading to an accelerating electricity demand.

You will work closely together with highly experienced colleagues in an international and dynamic environment. We will constantly seek to inspire you, while focusing on your learning and personal development. Working with our skilled team members, you will build a solid commercial and contractual understanding of renewable energy infrastructure projects and how they are financed.

Role

As a Student Analyst, you will contribute to transaction processes, preparing for investment decisions, analyzing and reporting on investment performance and various other tasks.

Responsibilities will consist of but are not limited to:

- Preparation of Investment Committee materials
- Visualization and presentation of technical and financial data to stakeholders
- Financial modelling of large complex infrastructure assets including project finance
- Working together with industrial partners and advisors
- Ad-hoc analyses in close collaboration with other team members

The position is **part-time** and based in our headquarters in NordØ. The workload will vary depending on the numbers of projects you are working on, and you will be given the opportunity to influence your daily routine and schedule.

You

CIP is looking for 2nd and 3rd year BSc students in Economics, Business, Finance, Engineering, or any other relevant field.

We are looking for the following candidate:

- High academic achievements
- Great communication skills with fluency in written and spoken English
- Interest in corporate finance, strategy, and renewable energy
- Advanced skills in Excel and PowerPoint
- Strong analytical aptitude and structured and project-oriented approach to work
- Ability to deliver high quality output in a time-sensitive setting
- Curious and creative mindset and spirit of inquiry
- Ability to work with limited supervision, at the same time enjoying teamwork and engaging with colleagues at all levels of seniority
- Experience in energy and infrastructure is beneficial, but not a requirement

Please note that we do not offer a remote working opportunity, thus you must be a Danish resident to be eligible for this role. Students on exchange in Denmark are not considered eligible for this position.

The process

Please apply online as soon as possible as applications will be processed on an ongoing basis. For questions related to the role, please reach out to our Talent Acquisition team at recruitment@cipfs.com. We do not include CV's and Cover Letters sent by email.

As we continue to improve our candidate experience, diversity and avoid unconscious bias, please avoid having a photo in your CV. We commit to an inclusive recruitment process and equality for all applicants.

Please be aware that we will not accept speculative CV submissions for any of our roles from recruitment agencies, and any unsolicited candidate submissions will be exempt from any payment expectations and ownership.

Building value that matters
Founded in 2012, Copenhagen Infrastructure Partners P/S (CIP) today is the world's largest dedicated fund manager within greenfield renewable energy investments and a global leader in offshore wind. To date, CIP has developed and constructed more than +50 greenfield renewable projects around the world. CIP is developing a greenfield project portfolio of ~160GW total, and ~16 GW is in operation or under construction. CIP manages 13 funds and has to date raised approximately EUR ~35 billion for investments in energy and associated infrastructure from more than ~200 international institutional investors.

CIP has a multinational team of ~500 full-time employees with extensive experience and knowledge within the fields of renewable energy project development and regulated infrastructure. In addition, CIP has a broad range of competencies within corporate finance, mergers & acquisitions, engineering, construction, project development, and project management.

CIP has built a prominent investment team capable of originating proprietary investment opportunities and executing projects and investments based on the team's industrial background, large industrial network, and extensive experience in structuring, executing, and managing investments within energy infrastructure. Headquartered in Copenhagen, CIP also operates from key locations across the globe, including offices in Hamburg, Munich, London, Utrecht, New York, Tokyo, Melbourne, Luxembourg, Kuala Lumpur, Seoul and Singapore. In addition, CIP has 17 local project offices globally.
