

Analyst (Student Assistant), Flagship Fund Investment Team

Do you want to join a global leader in energy infrastructure investments? If so, Copenhagen Infrastructure Partners (CIP) is the perfect place for you! The Flagship Investment team is looking for motivated Student Analysts who want to explore infrastructure investments and develop in a dynamic work environment.

Team

With 15 funds currently under management, CIP is trusted by over 200 of the world's largest and most sophisticated institutions, having raised EUR ~37 billion to date. The Flagship Investment Team manage the Flagship Funds which are the largest in CIP and focus on greenfield investments within large-scale renewable energy infrastructure. It has a global reach, with diversified investments across technologies in low-risk OECD countries in Western Europe, North America and Asia Pacific. The latest Flagship Fund (CI V) became the world's largest dedicated green infrastructure fund with more than EUR 12 billion in total commitments when it closed in 2025. Building on this, CIP launched CI VI, its sixth Flagship Fund, in Q1 2026, targeting a fund size of EUR 16–20 billion.

Role

As a Student Analyst in the Flagship Fund you will be part of a skilled and collaborative team of 14 analysts assisting the European Flagship Investment Team's professionals in transaction processes, preparing investment committee presentations, financial modelling, and various other investment team tasks. You will work closely with highly experienced investment professionals in an international busy environment. We will constantly seek to inspire and challenge you, with a clear focus on your learning and development. We aim to provide opportunities for you to expand your skills and knowledge through courses and resources, helping you grow both professionally and personally. Furthermore, as an analyst you will be part of a program designed to develop your skills to qualify you for a potential full-time Associate position upon graduation.

Key work areas

- Collecting and structuring information for decision makers
- Assisting with screening and valuation of investment opportunities
- Financial modelling of complex infrastructure assets and companies
- Coordination of and working with industrial partners and advisors
- Preparation of presentations and Investment Committee materials
- Ad-hoc analyses in close cooperation with other investment team members

The position is **part-time** and based in central Copenhagen, in CIP's office in Nordhavn. The workload will vary depending on status and number of projects you are working on, but you will have flexibility to structure your schedule around your studies, and we are committed to providing flexibility during exam periods.

You

CIP is looking for **2nd and 3rd year BSc** students in Finance, Economics, Business, Engineering, or similar.

We look for the following in a candidate:

- High academic achievements
- Prior work experience and/or participation in relevant case studies
- Genuine interest in investments, corporate finance, and energy infrastructure
- Solid analytical skills with a structured ability to solve complex problems
- Ability to deliver high quality output under pressure and tight timelines
- Curious and high willingness to learn with a forward-thinking attitude
- Ability to work independently while still being a team player
- Strong communication skills with fluency in written and spoken English
- Solid Excel and PowerPoint skills

Please note that students on exchange in Denmark are not considered eligible for this position. We also do not have a remote work opportunity.

The process

Please apply online as soon as possible as applications will be processed on an ongoing basis. For questions related to the role, please reach out to our Talent Acquisition team at recruitment@cipfs.com. We do not include CV's and Cover Letters sent by email.

As we continue to improve our candidate experience, diversity and avoid unconscious bias, please avoid having a photo in your CV. We commit to an inclusive recruitment process and equality for all applicants.

Please be aware that we will not accept speculative CV submissions for any of our roles from recruitment agencies, and any unsolicited candidate submissions will be exempt from any payment expectations and ownership.

Building value that matters
Founded in 2012, Copenhagen Infrastructure Partners P/S (CIP) is a global fund manager and leading investor in energy

infrastructure. CIP builds value that matters by developing and constructing critical infrastructure projects that shape the future of energy.

Through its funds, CIP invests in power generation (solar and wind), energy storage, transmission and distribution, advanced bioenergy, low-carbon fuels and carbon capture.

With 15 funds currently under management, CIP is trusted by over 200 of the world's largest and most sophisticated institutions, having raised EUR ~43 billion to date.

CIP has projects in more than 30 countries, with presence on the ground through a network of +2,300 professionals with extensive experience and knowledge within the fields of renewable energy project development and regulated infrastructure. In addition, CIP has a broad range of competencies within corporate finance, mergers & acquisitions, engineering, construction, project development, and project management.

Headquartered in Copenhagen, CIP operates from key locations across the globe, including offices in Hamburg, Munich, London, Amsterdam, New York, Tokyo, Melbourne, Luxembourg, Kuala Lumpur, Seoul, and Singapore. In addition, CIP has 17 local project offices globally.
