

# Analyst / Senior Analyst, Nordea Life & Pension

Would you like to combine investment expertise with data and technology? We are looking for an Analyst / Senior Analyst to join our Investment Reporting team. You will help develop and deliver reporting and analysis in one of the largest life and pension companies in the Nordics.

At Nordea, we know the financial sector is changing rapidly. We want to stay ahead by building better solutions for our customers and creating an environment where people can learn, collaborate and make a real impact. With us, you will have the opportunity to grow your skills and contribute to work that matters.

**About our team**

This is an exciting opportunity to join a team with broad exposure across investment analysis and reporting, while also helping to shape how we use data and modern technologies to support the business.

Collaboration. Ownership. Passion. Courage. These are the values that guide us in how we work and how we make decisions – and that we imagine you share with us.

**What you'll be doing**

As the Analyst / Senior Analyst, you will participate to delivering investment reporting and analysis. You will work closely with our stakeholders across the investment value chain and support the business providing reporting, analytics and data-driven solutions that improve decision-making and transparency.

Investment Reporting is part of Nordea Life & Pension's Investment Operations team, which provides back- and middle-office services to support the investment organisation's institutional asset management, investment product development and reporting activities.

**Main responsibilities in this role:**

- Deliver investment portfolio reporting and analysis for internal and external stakeholders
- Develop investment-related regulatory reporting, as well as internal and client reporting
- Develop performance monitoring, especially for illiquid investments
- Build and enhance Business Intelligence applications, dashboards and reports
- Contribute to investment analysis, including performance attribution, risk analysis and the analysis of private equity and other illiquid investments
- Support sustainability-related reporting needs
- Perform data quality checks and help strengthen controls, consistency and reliability across reporting processes
- Deliver recurring and ad hoc reporting and analysis, while identifying opportunities to improve workflows through automation and AI-supported ways of working

NLP Investment Reporting is a Nordic team based in Denmark, Finland, Norway and Sweden. This role is based in Copenhagen.

**Who you are**

**This is the right role for you if you:**

- Work well with others and always act with the customer's needs in mind
- Enjoy learning and trying new things, and are eager to bring your ideas to the table
- Are honest and dependable, willing to speak up even when it is difficult, and committed to empowering others
- Are passionate about delivering high-quality work

**Your background and skills include:**

- A degree in business, engineering, IT, statistics, mathematics or a related field. We welcome candidates with various backgrounds

- You should have an understanding of financial theory, including illiquid investments and private equity, as well as performance measurement or investment risk concepts
- Strong interest in data, analytics and technology
- Preferably, experience with at least one programming language, such as Python
- Hands-on experience with business intelligence reporting tools, such as Qlik or Power BI is a plus
- At least two years of relevant work experience from finance, investments, auditing, insurance, reporting or analytics
- Full professional proficiency in English, written and spoken

If this sounds like you, get in touch!

**Next steps**

Submit your application no later than 10/12/2026. For more information, you're welcome to contact Kai Kaarle Rantanen at kai.rantanen@nordea.fi.

**We enable dreams and aspirations for a greater good.**

**We build relationships.** We add a personal touch to everything we do – when advising our customers, collaborating with colleagues, and meeting our potential candidates.

**We learn and develop.** We take pride in being experts and thinking ahead. We use our expertise to meet our customers' needs, from the simplest to the most complex. We bring a growth mindset to our work that enables us to focus on a broader perspective in our daily challenges.

**We lead change.** We are responsible and aware of the impact of our decisions, both for our customers and for our local and global communities. Mindful of our responsibility towards current and future generations, we have made sustainability an integrated part of our business strategy.

**We are Nordea.** We have a 200-year history of supporting and growing the Nordic economies and our values are deeply rooted in these open, progressive and collaborative societies. As one of the biggest employers in the Nordics, Poland and Estonia, you have excellent opportunities to evolve, develop and move forward with us.
