

Senior Accountant at Lunar Aarhus

Are you a skilled Senior Accountant, motivated by a job, where you get opportunities to make real impact on the day to day processes within your area? Do you thrive in an environment where no day is like the other? Then we've got just the job for you.

About Lunar

At **Lunar** we are democratising the power of money and changing the way we all bank, pay and invest. We have grown by leaps and bounds since starting out in Aarhus in 2015 and are now considered a **major player** in the Nordics with offices in, Århus, Copenhagen, Stockholm and Oslo, as well as employees working remotely across Europe.

At Lunar, we challenge the status quo and we empower our employees to be brave, visionary and persistent. You will not stand alone. You will have an entire group of equally talented people behind you. We have a tremendous focus on people engagement, and you will have the facilities and development opportunities to prosper with state-of-the-art equipment and offices. Last but not least, you will have everything you need to nurture your physical and mental well-being in a very inspiring and welcoming environment .

Your main responsibilities

In your new role as Senior Accountant you will be part of Lunar's Finance department, and be located in Århus, a growing team that operates in significant growth, complexity and with great opportunities for both personal and professional development.

In this role you will have responsibility for our most complex entity in Lunar - Lunar Bank. You handle the invoices, accruals, reconciliations and closing processes for Lunar Bank. Are you up for the responsibility and challenge?! A truly great opportunity to get such responsibility in a fast growing fintech bank.

The team has a huge drive and great ambitions. Therefore, you will operate with great autonomy and you can contribute to building up, improving and controlling operational processes while ensuring correctness in our reported numbers.

Some of the main areas of responsibility will be:

- Invoice handling and payments
- Reconciliation of account statements, banks, etc
- Posting and controlling of intercompany agreements
- VAT reporting and controlling
- Month end closing
- Ad hoc analysis for processes optimization and automation
- Process descriptions and SOP's
- Support the team with existing and new activities

Your skills and competencies

You will get an active and outgoing role in our organization, where we strive to deliver the best possible service to our stakeholders.

In order for you to be successful as a Senior Group Accountant in Lunar, here are some of the skills and competencies we believe will help you in your journey:

- Minimum 3 years' experience from a similar position
- Experienced in handling invoices, accruals and year-end reporting
- Experienced in Reconciliations
- You are curious and proactive and good at analysing and conveying financial information in a simple manner
- You have a structural way of working for handling an ever-changing environment
- You have good analytical and IT skills with hands-on experience and skills in the MS Office tools, especially Excel
- You are fluent in both English and Danish
- You hold a degree in finance, economics or a similar discipline

Our team

As our new Senior Group Accountant, you will be part of our Accounting & Operational Finance team, reporting to our Head of Accounting & Operational Finance Ioana Chiriguti. The team currently comprises 6 amazing individuals working in Aarhus, who are focused on managing and driving our accounting and operational finance practices within the broader Finance-function, led by CFO Rie Ruby.

Has this raised your interest and would like to join our growing team of professionals? Then we would be more than happy to get to know you through our application process.

Check out Lunar's [careers page](#) for information on benefits and our interview process.
