

Student, Fund Manufacturing in Danske Invest Management

Would you like to be part of an international fund management company and to kick off your career in the financial sector working in a highly professional environment?

Danske Invest Management A/S (DIMA) – a subsidiary of Danske Bank A/S conducting investment management company activities in Denmark and Luxembourg – is looking for a dedicated and open-minded student. You will be joining Fund Manufacturing, becoming part of a team of 21 professionals based in Denmark and Luxembourg.

Being part of Danske Bank Group is being part of an environment where we always strive to develop ourselves and our organisation – we seek to develop, grow, and contribute to a culture of high aspirations. Our workplace offers flexibility, inclusivity, and an attractive working environment. Working with us is an opportunity to join a community of 22,000 colleagues where we are committed to Teaming Up, Owning It and Being Open.

Key Responsibilities

Joining us in this role, you will continuously expand your knowledge within Asset Management, the fund industry in general, and of Danske Bank Group's business areas, customers, products, and systems.

Therefore, your tasks will entail, but are not limited to:

- Reviewing legal and tax documentation on behalf of the funds managed by DIMA
- Facilitating account and market openings with international banks
- Maintaining fund data in our database
- Provide support in the oversight and supervision of the delegates of DIMA
- Contributing to ad hoc projects to our managed funds

This position provides a unique opportunity to gain insight into various fund structures across multiple jurisdictions. You will work alongside a team of dedicated investment fund specialists, contributing to an engaging and collaborative work environment.

Working hours is ~ 15 per week, but we are flexible during the exam period. Your education is very important to us, hence planning for this is essential.

Who are you?

You should bring a strong attention to detail and independent thinking. A systematic approach and the ability to acquire in-depth knowledge are essential for supporting a structured way of working.

You are currently enrolled in a Bachelor or Master's degree in Business Administration/Finance/Law, and we are preferably looking for a candidate with approximately 2 years of study left.

We require proficiency in MS Office (Co-pilot, Excel, Word, PowerPoint, etc.) and basic knowledge of AI usage, and Python programming is an advantage.

We are looking for someone with a genuine interest in the financial industry – and Asset Management in particular. The ideal candidate is comfortable engaging with both internal and external stakeholders. Strong report writing and communication skills, along with fluency in English, are essential.

Have we caught your interest?

If you want to be part of a fast-paced environment and are excited about developing your analytical and stakeholder management skills in one of the oldest fund managers in the Nordics, then do not hesitate to apply.

The position is based at our office in Denmark, Bernstorffsgade 40, 1577 Copenhagen V – right next to Copenhagen Central Station.

We look forward to receiving your application!
