

## Financial Accountant – Offshore Wind Industry

We are now looking for a Financial Controller to help strengthen the Core Finance team and Cadeler as a whole.

Are you passionate about continuously improving external reporting and financial control processes? Do you want to work in the green offshore wind industry where your skills and expertise will help secure a sustainable future based on renewable energy? Then keep reading – Cadeler is looking for a Financial Controller with your skills and interests!

Cadeler is a global partner in the offshore wind industry, specializing in wind farm construction and maintenance. We are part of an industry that is now, more than ever, both relevant and in high demand. As our industry continues to grow, so do we! We are now looking for a Financial Controller to help strengthen the Core Finance team and Cadeler as a whole.

### What will you do?

As our new Financial Controller, you will play a crucial role in securing the integrity of Cadeler's internal control environment. Furthermore, you will be working with ESG reporting, accounting memos, and reviewing accounting policies.

Your main tasks include:

- Preparing, coordinating, and assisting with the materials to produce the group's external reports and monthly group consolidation.
- Controlling and owning the continuous improvements in relation to external reporting, including IFRS requirements.

- Being responsible for the optimization of processes related to financial controlling, including the preparation of accounting memos, review of accounting policies, and their alignment to IFRS.
- Assisting with ESG reporting requirements (CSRD and EU taxonomy).
- Supporting with ad hoc tasks within the Group Finance function.

### To succeed in this role

Being part of the Cadeler community means you will have a natural interest and care for the environment and our shared mission to speed up the green energy transition. Your environmental considerations and the safety of our people and the planet will be a key priority in your daily work.

We are looking for a strong communicator, who thrives in a fast-paced environment with a lot of stakeholders. Someone with strong project management skills who values accuracy and timeliness.

We think you will be a good match if you hold the following qualifications:

- Degree in Accounting, or similar areas like Auditing, Finance, or Business Administration.
- 4+ years of work experience in a similar role or 6+ years of accounting experience in IFRS reporting companies.
- Experience completing statutory consolidated IFRS accounts.
- Strong skills in using MS Excel as an analysis tool.
- Strong knowledge of accounting systems for mid-to-large-sized companies.
- Experience from a listed company is an advantage.
- Experience working in Oracle, Sertica and Power BI is an advantage.
- Fluency in written and spoken English, proficiency in Danish is also an advantage.

### Come work with us!

By becoming a Cadeler employee, you will be part of a rapidly growing company with a diverse and energetic team. We offer an exciting position focused on delivering excellence in the face of interesting new challenges, within a positive and rewarding work environment in an international company with great development possibilities.

Cadeler is headquartered in Copenhagen, but we also have offices in Vejle, UK, US, and Taiwan, as well as colleagues working offshore aboard our fleet of Wind Turbine Generator (WTG) installation vessels.
