

Junior Business Analyst

Are you curious about finance, technology, and risk management? Join us as a Junior Business Analyst where you'll help translate business needs into technology solutions. You'll work with trading and risk specialists, keeping both customers and the bank safe while building your expertise in an exciting field.

What you will be doing

You'll be part of the Regulatory Control Systems Squad, developing and maintaining systems that support risk handling and fair customer treatment across all bank trades. Working closely with developers, traders, and risk specialists, you'll bridge the gap between business requirements and technical solutions, ensuring regulatory compliance and customer satisfaction.

- Analyse how different financial products and trades should be handled by IT systems
- Engage with traders and stakeholders to understand issues and develop solutions
- Investigate data, system behaviour and exceptions to identify improvement opportunities
- Translate business requirements into clear specifications for developers
- Help test and validate new functionality to ensure quality delivery

About you

- University degree in finance, economics, engineering, mathematics, computer science or analytical field
- Strong analytical and problem-solving abilities
- Good communication skills with interest in working across business and IT
- Curiosity about financial markets and technology
- Eagerness to learn and develop new skills

Experience with finance, SQL, risk management, or AI utilisation would be advantageous but is not required. We welcome candidates who are ready to grow their expertise with us.

What we offer you

You'll join a supportive team of experienced colleagues in an engaging workplace where learning is encouraged. We offer opportunities to develop expertise across banking areas and data analytics, with clear pathways for career progression. You'll work in a hybrid environment with 3 to 4 days per week in the office to promote collaboration and knowledge sharing.

Are you ready for the next step?

We're excited to hear from candidates who are ready to start their journey in business analysis within financial services. For questions about the role, contact Helena Persson at heper@danskebank.dk or Leif Dydensborg at ledy@danskebank.dk. Please submit your application by 30 September 2026. We look forward to hearing from you!

We review applications on an ongoing basis, so we encourage you to apply as soon as possible.
