

# Experienced Strategy Consultant to Data & Analytics

Are you an experienced strategy and execution professional looking to accelerate your career by driving complex strategy development at the intersection of data, AI, analytics, and business in one of the largest banks in Northern Europe? If so, we want to hear from you!

## About the role

We are seeking an Experienced Strategy Consultant with strong expertise in strategy development and execution, an affinity for data, AI, and analytics, and preferably experience in the financial services industry. In this role, as part of the Data & Analytics (D&A) team at Danske Bank, you will contribute to shaping the Group's data and analytics strategy and assist with its execution from vision to implementation.

As an experienced member of the team, you will take ownership of your assignments from day one, delivering impactful results both independently and collaboratively with colleagues. In addition to being a strong team player, you should be skilled in engaging with senior leaders while maintaining the flexibility to dive into detailed tasks when required.

## The team

Our team is responsible for driving, guiding, and overseeing the strategy and execution of Danske Bank's data, AI, and analytics initiatives, as well as the broader business management of the D&A area. Collaborating with key stakeholders across the Group, we ensure robust strategic and financial planning, effective governance, alignment with strategic goals, and a focus on fulfilling committed objectives.

We are an international team with diverse backgrounds, including experience from banking, consulting, and other industries.

At Danske Bank, we believe that success stems from collaboration, versatility, and shared ownership of our work. We are committed to delivering high-quality results, and we trust you will bring these qualities to this role as well.

### Key responsibilities of the role

- Lead projects and conduct qualitative and quantitative strategic analyses, delivering actionable outcomes and recommendations
- Collaborate with senior stakeholders to define strategic plans and roadmaps, translating ambitions into actionable initiatives with measurable metrics and clear success criteria
- Drive the adoption of data, AI, analytics, and data-driven decision-making across Danske Bank
- Facilitate cross-functional teams to ensure effective strategy execution, addressing challenges and modifying plans to suit changing requirements
- Oversee and govern progress across the strategic portfolio, monitoring key metrics, providing regular updates to senior management and stakeholders, and refining strategies as required
- Provide proactive support and advice to stakeholders, resolving challenges, addressing roadblocks, and managing dependencies across the portfolio
- Build and maintain strong relationships with key stakeholders, enabling seamless strategy execution
- Mentor team members, encouraging their growth and contributing to the development of the team

### Expected qualifications

- At least 7 years of experience in strategy and execution, gained either through consulting or in-house strategy and transformation functions, preferably in the banking or financial services industry
- Strong analytical and problem-solving skills with the ability to effectively drive projects informed by data insights
- Demonstrated success in managing and implementing strategic projects
- Effective leadership and communication skills, with the ability to distil complex topics into clear and compelling narratives to persuade and generate buy-in from senior management and stakeholders
- Extensive experience with PowerPoint, Excel, and other Microsoft Office applications
- Proficiency in data and analytics tools and methodologies
- Capability to perform well in a dynamic and changing situation requiring prompt decisions
- Bachelor's or Master's degree in Business Administration, Economics, Data Science, or a related field

We know through experience that different ideas, perspectives and backgrounds create a stronger and more creative work environment that delivers better results.

Your job function (position) in the job contract will be Consultant – Development, Principal. From 1 April 2026, it will be renamed to Transformation & Change under our new job architecture, with no impact on the role or responsibilities.

### Would you like to join us? Send us your application!

Please submit your resume along with a cover letter highlighting your qualifications and explaining why you are the ideal candidate for this role. If you would like to learn more about the position, feel free to contact **Axel Philip**, Head of Strategy, Execution & Business Management, at [axph@danskebank.dk](mailto:axph@danskebank.dk)

Applications are reviewed on an ongoing basis, so we encourage you to apply at your earliest convenience.

We look forward to hearing from you.

## About Us

Danske Bank is a Nordic bank with bridges to the world around us. For 150 years, we have supported people and businesses in releasing their potential. A career with us is an opportunity to join a community of 22,000 colleagues in a culture where we are committed to Teaming Up, Owning It and Being Open. Together, we are on a journey to transform Danske Bank into a better bank. For our customers, our employees and the societies around us.
