Credit Analyst for 1st Line Credit, Global Institutions, Denmark

Job Description

Are you an analytical professional at the start of your career with a keen interest to work in credit risk management with some of the Nordic's largest institutional clients? Then this is your opportunity to join the 1st Line Credit, Global Institutions team within Large Corporates & Institutions and be part of the YoungMinds@LC&I programme from September 2026.

Who are we?

Large Corporates & Institutions (LC&I) supports Danske Bank's largest and most complex clients with their financing and transaction needs across the Nordics. Within LC&I, Corporate & Institutional Banking (CIB) is responsible for the overall customer relationships. The 1st Line Credit team is part of CIB, and is responsible for assessing the credit risk associated with institutional clients.

Key responsibilities

As a Credit Analyst, you will play a critical role in assessing credit requests from clients, supporting your team with preparing detailed evaluations of credit proposals, maintaining the high analytical standard in 1st Line Credit, and collaborating with key stakeholders across the bank. Your responsibilities will include:

- Assessing the creditworthiness of institutional clients across the Nordics, such as pension companies, asset managers, banks, public sector entities, etc.
- Producing structured and clear recommendations on credit risks related to a client and/or a transaction, based on comprehensive analysis of idiosyncratic and macroeconomic risks.
- Collaborating with key stakeholders and clients, to gather relevant data related to financial performance, structuring considerations, and compliance.
- Supporting colleagues in the production of high standard annual credit reporting on the institutional portfolio.
- Undertaking ad hoc quantitative and qualitative analyses on financial products, clients, and economic sectors.

Who we are looking for?

We are looking for candidates who possess:

- A relevant Master's degree in finance, economics, or a related field.
- Up to 2 years of experience in credit analysis or a related role. Relevant student work experience can also be considered (preferred but not mandatory).
- Strong analytical skills with the ability to communicate analytical outcomes clearly and effectively.
- Proficient written and verbal communication skills in English.
- A collaborative mindset and the ability to work independently, with a solutions-based approach.

What we offer

At Danske Bank we are dedicated to personal and professional development. We provide:

- A positive working environment with flexible hours, including opportunity to work from home.
- A supportive team culture committed to open dialogue, continuous improvement and innovation.
- The chance to develop your skills further through participation in meaningful projects and ongoing relevant training.

If you are interested in this opportunity, please apply by sending your CV, university transcript, and a motivational letter no later than March 15, 2026.

For inquiries, please contact Chief Analyst, Edward Demetry at **EDEM@danskebank.dk** or +45 20 47 51 41.

We look forward to receiving your application!
